SAFETY MEETING - ENGLISH STEP LADDER

STEP LADDER

1. Make sure you have the right ladder for the job that you are going to do.
2. Always follow manufacturer recommendation.
3. Always, when you are going to use a step ladder, make sure you inspect it,
4. If you find any defect or damage, tag it "DO NOT USE" and replace it.
5. Place the ladder in an area where all feet have a secure and level footing.
6. Always position the ladder near your work to avoid overreaching.
7. Always face the ladder when moving up or down.
8. Always have three points of contact with the ladder.
9. Never stand on the top step or very top of the ladder.
