## SAFETY MEETING - ENGLISH TRIP

### TRIP

1. Good housekeeping is essential. Don't leave loose objects on walking or working surfaces.
2. Never leave water or oil spills unattended. If they can't be cleaned up immediately, set a barrier down so that people know about the hazard.
3. Never allow an object to sit on stairways or ramps. Cartons, boxes, and other obstacles are especially dangerous here.
4. Report loose or damaged handrails, stairway treads, mats and walkway runners. Sometimes even a small worn spot can cause someone to trip.
5. Wear proper footwear. Synthetic rubber soles are best on oily floors, soft rubber soles are good on wet floors. Leather soles can be extremely slippery on water or oil.
6. Lighting is important in walkways. Report conditions created by burned out lights or when walkways are too dark.
7. Report any floor openings that are not protected. These openings can cause very serious falls.
8. When walking, don't carry loads that block your vision. If you can't see where you are going, a trip and fall is inevitable.
9. Use hand or safety rails on stairways. It's the best way to keep your balance.
10. Be especially careful when working near the edge of loading docks or raised scaffolds. These tips are sensible and reasonable. Perhaps they can help you to avoid a trip/fall injury.

Date: \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

Time: \_\_\_\_\_ / \_\_\_\_\_ AM - PM

Address: \_\_\_\_\_

City: \_\_\_\_\_

State: \_\_\_\_\_

### Attendees:

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

4. \_\_\_\_\_

5. \_\_\_\_\_

6. \_\_\_\_\_

7. \_\_\_\_\_

8. \_\_\_\_\_

9. \_\_\_\_\_

10. \_\_\_\_\_

11. \_\_\_\_\_

12. \_\_\_\_\_

13. \_\_\_\_\_

14. \_\_\_\_\_
