## SAFETY MEETING - ENGLISH RESPIRATOR

### RESPIRATOR

1. You have to be trained before you wear the respirator.
2. Inspect before each use.
3. Clean before and after use.
4. Read and heed all instructions provided by the manufacturer on use, maintenance, cleaning and care, and warnings regarding the respirators limitations.
5. Choose respirators certified for use to protect against the contaminant of concern.
6. Do not wear your respirator into atmospheres containing contaminants for which your respirator is not designed to protect against.
7. Keep track of your respirator so that you do not mistakenly use someone else's
8. Perform a Seal Check each time you use your respirator.
